

MEMORIALS & FUNERALS

Our Church will do whatever it can to serve you through the grief, celebration, and loss when a loved one dies. Many of our church's services are provided through the generosity of volunteers and donors, and they are offered to you at no charge. Because some services require extra hours from our staff, we pass those costs on to you.

THE MEMORIAL LAWN

Many years ago our church adopted the custom of burying the cremated remains of members and those who have services in the church in the soil of our front lawn. This provides a beautiful setting on the property of our beloved church where the cremated remains of loved ones may be interred.

Because of the church's distinct role in the community, this option for burying ashes is reserved for the members of St. James, their families, and those who arrange to have their memorial services in the church. We are not permitted by City or State laws to offer our services for interring ashes to the community at large.

Arrangements to reserve the use of our parish lawn for this purpose may be made through our office. Please call us at 858-459-3421.

The cost of for burying ashes (in 2012) is \$300, which includes an inscription of the person's name and life dates in our Memorial Book. An elegant engraved plaque may be added to those in the Chapel. Please contact the office for price and availability.

The full cost of this service may be paid in advance, reserving the current price. Otherwise the fee may be paid at the time of service.

Note: Ashes are dispensed into the soil of the lawn without a container or sack to contain them. When making arrangements with a mortuary company please request their simplest container. We then transfer the ashes to our own brass urn for the ceremony. If you desire to purchase a custom urn from the funeral company, please verify that it can be opened without destroying it.
